SUBJECT: GAO Draft Report of War Crimes Investigation

1. I would suggest that the following be included in the GAO report where ever deemed appropriate:

To facilitate the review of information in CIA files, the CIA initially prepared summaries of any information in its files concerning those persons in the overall listing which we submitted for Agency checks. The summaries were reviewed and the Agency provided original documents appropriately sanitized to remove intelligence sources and methods on any matters which we considered to be significant to the investigation. Also, CIA informed us that the staff of the House Judiciary Subcommittee on Immigration, Citizenship & International Law also be allowed to review copies of original CIA documents after appropriate sanitization on those cases of particular interest to the Subcommittee.

2. This point is particularly necessary to make clear that no CIA documents directly relevant to the Subcommittee's investigation were denied access during the investigation.
